First Batch of 300 Students Sent to China Under PM's Agri-Initiative to Boost Employment and Innovation

Prime Minister Shahbaz Sharif and Federal Ministers, including National Food Security Minister Rana Banoy Hussain, sent the first batch of 300 students to China.

A ceremony was held where it was officially agreed to send a total of 1,000 graduates to China.

The Chinese ambassador was present at the event, and the agreement was formally signed.

The main objective is to strengthen Pakistan's agricultural system.

The program aims to provide employment opportunities to educated youth.

This initiative will boost youth confidence and help them secure jobs.

After completing their training, the graduates will return to benefit Pakistan and contribute to national development.
