8171 BISP Payment List April 2025 PMT Score: An Important Criterion for Assistance under Benazir Income Support Program

The **PMT score** of the applicants is a very important criterion for getting assistance under the Benazir Income Support Program (BISP). The PMT score is calculated through a system that takes into account the financial condition, income, and other necessary information of the applicant.

Key Points Based on PMT Score for Eligibility

If your **PMT score is less than 32**, you will be considered eligible for financial assistance under this program

If your score is **32 or more**, it means that your financial condition is at a level where assistance cannot be provided through this program

A higher score indicates that your financial condition does not qualify for the program's support. This score provides a comprehensive overview of your financial status and is the basis for determining whether you are eligible for assistance through this program.
