Why BISP is embracing digital and retail payments

ð??? For many years, people have been going to camps to collect their money, which has led to many serious problems.
â•³ Long travel expenses, long queues and hours of waiting.
ð??• Security risks and sometimes harassment.
â•? Payment errors and false or fake identities.
ð??¸ Dependence on middlemen who take unfair commissions.

To eliminate all these issues, **BISP Launches Digital Banking**â??a modern system that ensures payments through the **banking system** and **approved local agents**. This new method offers **safety**, **transparency**, and **ease** for deserving families.

What is a retail agent-based payment system?

ð??¶â?•â??ï¸• In the new system, needy people no longer need to go far.
ð?•ª They will be able to go to nearby **designated shops** or **banking kiosks**.
ð??• They will identify themselves through their **thumbprint**.
ð??µ They will get money **quickly** and **safely**, without any greed or unfair deductions.
ð??± This system is similar to digital services like **Easypaisa** and **JazzCash**, which provide access to **financial assistance**, **loans**, and **banking facilities** in remote or underserved areas.
With the launch of this initiative, **BISP Launches Digital Banking** to ensure a **secure**, **easy**, and **modern way** to support deserving families across Pakistan.

Key features of the new payment system

ð??• **Thumbprint verification at retail outlets**
ð?§ Whenever money is given, it will be verified using **fingerprint identification**,
â? ensuring that money only goes to the **rightful person**.
ð??« No one else will be able to collect it **wrongfully**.
ð??? A **complete digital record** of every transaction will be preserved securely.

ð?•¦ **Creation of Digital Bank Accounts**
ð?? By **August 2025**, **BISP Launches Digital Banking accounts** for all beneficiaries.
ð??• From these accounts, people will be able to receive money **safely**.
ð?•§ They can **withdraw** whenever they want or **save** it for later use.
ð??² Features like **mobile wallet**, **ATM access**, and even **small loans** will also be available.

ð??• **Starting in 7 Districts**
ð??? The new system under **BISP Launches Digital Banking** will begin its rollout from **seven major cities** where digital and banking infrastructure already exists:

ð??• Karachi

ð??• Lahore

ð??• Peshawar

ð??• Quetta

ð??• Sukkur

ð??• Muzaffarabad

ð??• Multan

ð??• After a **successful trial** in these cities, the system will be **expanded nationwide**, making financial access **safer**, **faster**, and **more inclusive** for all.

How does this model benefit BISP beneficiaries?

ð??¶â?•â??ï¸• **Easy Access**
Now, needy people wonâ??t have to travel two miles; they can easily get help from the **nearest shops or agents**, even in **rural areas**.

â?¡ **Fast and Secure Payments**
Payments will be made **immediately** after **thumbprint verification**, ensuring **no delay or errors**.

ð??©â?•ð??¼ **Financial Control for Women**
Since most beneficiaries are women, this new system gives them **full control** over their money and financial decisions.

ð??? **Elimination of Fraud and Deception**
With the **biometric system**, fake identities, double payments, and illegal agents will be stopped. This will bring **financial security**, **control**, and **transparency**, especially for services like **finance and loans**.

Through this innovation, **BISP Launches Digital Banking** to transform how assistance is delivered â?? making it safer, faster, and more empowering for all.

How will beneficiaries be notified?

ð??¢ To make this major change a success, **BISP Launches Digital Banking** along with a strong **awareness campaign** to provide people with the right information about the new system.

ð??± SMS messages will be sent to inform people whether they are **eligible** and how long confirmation will take.

ð?¤• In specific districts, **BISP field workers** will engage with communities to educate and assist beneficiaries.

ð?•¢ Support tax and help centers will be established where people can get assistance with **biometric registration** and **using bank accounts**.

â? All these steps are being taken so that **everyone benefits easily** and no one faces difficulties in accessing their support.

What should you do now?

ð??? **Check your CNIC** to make sure it is **valid and active**.

ð??² If you have changed your mobile number, **register the new number in NADRA records** to stay updated.

ð??© If you receive an SMS or a call from a BISP representative, **visit the nearest help center immediately**.

ð??¥ Attend **local sessions** to understand the **thumbprint verification process** clearly.

ð??? Keep **all your original documents ready** to open your **digital bank account** smoothly.

These steps ensure the smooth rollout as **BISP Launches Digital Banking** to benefit you safely and efficiently.
