RESUL CATEGORIES

Ineligible but exhausted

PSRP Phase 2 Results whose results are eligible but exhausted are not eligible for the school because it means that they are eligible but their merit has not been made because in the schools to which they had applied, the merit of the other people who had applied is more than these people, so these people have been made eligible but they have been made exhausted. Yes, if those people who are getting such a result show eligible but if those people who have already been given the school, if they do not get the school, then it is possible that you people will be made eligible in the final result.

Eligible

Those whose results are eligible, it means that they meet the merit and they are congratulated that they have succeeded in achieving it. The final list is still pending in this too. They will be made eligible again in it too, and only then will they be given a school. It is possible that those who will file their appeal in the appeal, if the merit of these people is higher than those who are already eligible, then it is possible that they will also be included in the merit again. The final result is still pending, so in the final result, only those people who will be called eligible will be able to get a school.

Not eligible

Those whose results are not available are not eligible for it and the reason for this is also given to you in the remarks. In the result, you can go to your remarks and see your issue as to why you are not eligible. You can appeal. If any of your documents are missing or you feel that you have not been included in the merit list, you can appeal and wait for the final result.

Conclusion

The PEF PSRP Phase Two results for 2025 are out, and candidates can check their status on the official website. Those who got schools will receive them within a month, while others can appeal if needed.

When was the PEF PSRP Phase Two result announced?

The result was announced on **March 20, 2025**.

How can I check my PEF PSRP Phase Two result?

You can check your result by visiting the official **PRSP website** (www.pef.edu.pk), navigating to the results section, and entering your **application number or name**.

Can I appeal if I am not eligible?

Yes, you can appeal if you believe there was an error in your result or if any of your documents were missing. Check your remarks section for details.

What happens if my appeal is accepted?

If your appeal is accepted and your merit is higher than some already eligible candidates, you may be **included in the final merit list** and receive a school.
