

Pakistan Sends Its First 300 Agricultural Graduates to China

Description

Pakistan sends first 300 agricultural graduates to China in an important step to improve the country's farming sector. The government has officially launched the **Prime Minister's Initiative for Capacity Building of 1,000 Agricultural Graduates in China**. This fully-funded, high-level international training program is designed to give young Pakistani professionals modern skills in farming, biotechnology, and sustainable agriculture.

ملک کے کاشتکاری کے شعبے کو بہتر بنانے کے لیے ایک اہم قدم کے طور پر 300 زرعی گریجویٹس کی پہلی کھیپ چین نے باضابطہ طور پر چین میں 1,000 زرعی گریجویٹس کی صلاحیت سازی کے لیے وزیراعظم کے اقدام کا آغاز کیا۔ فنڈڈ، اعلیٰ سطحی بین الاقوامی تربیتی پروگرام نوجوان پاکستانی پیشہ ور افراد کو کاشتکاری، بائیو ٹیکنالوجی اور پائیدار زراعت میں فراہم کرنے کے لیے ڈیزائن کیا گیا ہے۔

± Overview of the Prime Minister's Agriculture Training Initiative 2025

This smart and forward-looking plan is part of a bigger government effort to upgrade and strengthen agriculture in Pakistan. It will send 1,000 top agricultural graduates to China to learn hands-on skills at top Chinese universities and research centers.

The training will focus on important areas such as:

- **Genomics**
- **Farm Mechanization**
- **Precision Agriculture**
- **Artificial Intelligence in Farming**
- **High-Efficiency Irrigation Systems**
- **Biotechnology**

These areas were selected by the Ministry of National Food Security and Research to help bring new ideas and better results in agriculture at home.
